SS2CAT (ALL TERRAIN) with extra wide pneumatic wheels and axel bearings makes it roll very easily on bumpy fields. Two cans installed, that can simultaneously spray at the same time at an angle to spray both sides of the grass. Metal construction, extra storage and ease of use are all excellent features on this aerosol application machine.

Sharp Stripe 10 (SS10) sprays 1 can at a time. Stores 12 cans.
Easy to install, easy to change cans. Strong, stable, all metal construction.
Spray line width can easily be adjusted from 2-4 inches.

Hand Wands & Long Wands to spray lines, logo's & stencils.
