## Product Data: HALF TIME™ ATHLETIC FIELD MARKING PAINT (No Dilution Required)

**DESCRIPTION:** Half Time™ is specifically formulated for use on grass athletic playing fields for sports such as football, soccer, field hockey, lacrosse, etc. can be used on synthetic turf where durability is not required. Half Time™ is supplied ready to use, no dilution required.

**APPLICATION:** Air and surface temperature should be above freezing. Dry surface is ideal, but it may be applied to a slightly damp surface (longer dry time). Spraying is the preferred method of application to achieve clean sharp lines. Most conventional line marking machines will perform well. As with any paint to be sprayed straining is highly recommended (latex skins do not re-dissolve when mixed).

**THINNING & CLEANING:** If thinning of paint is desired, never exceed 1 quart of water per 5 gallons of paint. Regardless of whether or not paint is thinned, stir to a smooth uniform consistency. For clean up water is usually sufficient on a daily basis. For a thorough cleaning, soap and warm water is recommended.

**SHELF LIFE:** 12 months minimum based on unopened container stored @ 77°F.

**STORAGE:** Store in a cool dry area. **KEEP FROM FREEZING**
